RE: BMP & PACE Program Membership

Dear Ms. Martin,

This correspondence is to give you proper recognition for your efforts to protect the environment through your participation in the Best Management Practice (BMP) program.

Membership and adherence to the BMP program automatically qualifies you as a member of the Partners for a Clean Environment (PACE) program. I encourage you to sign the PACE pledge and prominently display it and the window cling. As a PACE member, your company will also be listed on the City of Tulsa's PACE webpage, www.cityoftulsa.org/PACE.

Thank you for your proactive efforts in environmental protection. As always, contact me with any questions or concerns at (918) 591-4361 or kshreve@cityoftulsa.org.

Sincerely,

Kristi Shreve
Environmental Compliance Specialist

Our Environmental Pledge

Webco Industries Inc.

Pledges to be a good steward of Tulsa's environment by informing employees, customers, and clients about actions they can take to reduce pollution in our watershed. We also commit to following best management practices that are relevant to our business and that can be done reasonably and economically.
